RALEIGH, N. C.

THIS HOME COMPANY, CHARTERED BY the Legislature of North Carolina, insures property against loss or damage by

FIRE, LIGHTNING, OR TORNADO,

and does business on the Mutual and Joint Stock plans.

The character of those who control the affairs of the Company is a sufficient guarantee that it is, what it professes to be, a HOME ENTERPRIZE, offering ample and liberal protection against loss by fire, &c., on the most easy and liberal terms to insurers.

The TWENTY THOUSAND DOLLARS in N. C. Bonds, required by the Charter to be deposited with the Public Treasurer, have promptly been so deposited and the Treasurer's receipt therefor obtained.

Policies are issued for a term not to exceed five years.

No other Company offers greater inducements to insurers.

Now is the time for all who feel any interest in a HOME INSTITUTION to come forward and encourage the Company,—receiving, as they will, reciprocal benefit in the enhancement of value and protection of their property.

For further particulars, address the Secretary, or consult General or Local Agents, who will, in due time, be announced.

I will when desired issue Permanent Policies which insures the property specified forever, unless the assured chooses to cancel his Policy in which event all the premium he has paid will be returned less five per centum.

The loss of a Court House or other Public Building at the present time would be a public calamity, whereas a trifling amount paid for a policy WILL SECURE A SUFFICIENT SUM TO REBUILD SHOULD THE PROPERTY BE DESTROYED BY FIRE.

ELECTION! ELECTION!

MAYOR'S OFFICE,
CITY OF RALEIGH, March 6, 1869.

In pursuance of a resolution adopted by the Board of Commissioners, notice is hereby given, that an election will be held on the 8th day of April, 1869, at the Court House, in this City, wherein the qualified voters of the City shall express their approval or disapproval of the question, whether the City of Raleigh shall borrow FIFTY THOUSAND DOLLARS in the manner, and for the purposes mentioned in the following act of the General Assembly of North Carolina.

WM. H. HARRISON, Mayor.

AN ACT TO ENABLE THE CITY OF RALEIGH TO BORROW MONEY FOR CERTAIN PURPOSES.

The General Assembly of North Carolina do enact: SECTION 1. That for the purpose of paying present indebtedness of the City of Raleigh, and also for meeting the expense of improvements to be made for the same, the City is hereby authorized and empowered to issue bonds severally of such sums as denomination, payable at such time or times respectively, drawing interest at such rate, not exceeding eight per cent. per annum, payable half yearly, of such form and tenor, and transferable in such way as the Board of Commissioners of said City shall deem most judicious. The said bonds so to be issued shall be disposed of upon the best terms practicable. *Provided*, That said bonds be of the denomination of one hundred, and five hundred, and one thousand dollars, respectively, and in such proportion as may be deemed advisable, and *Provided further*, That said loan shall not exceed fifty thousand dollars, and the bonds having twenty years to run.

SEC. 2. That the Board of Commissioners of the City of Raleigh are hereby authorized and empowered, and it shall be their duty, to provide for the payment as well of the principal money as also of the accruing interest of the bonds to be issued under the power granted in the preceding section, by annually laying particular taxes for those special purposes on all the persons and subjects of taxation on which said Board of Commissioners now are or hereafter may be authorized to lay taxes, for any purpose whatever, and such taxes shall be collected and specially and exclusively applied to the satisfaction and discharging of the interest, and also of the principal money of such bonds, and so much thereof as may not be annually required to pay such interest and cannot be applied in discharge of the principal money of said bonds, shall be so invested as to secure the payment of such principal money upon maturity of said bonds. For the purpose of securing the due investments of the amount to be collected from year to year and applicable to the payment of the principal money of said bonds, the Board of Commissioners aforesaid shall appoint some suitable person to be styled "Commissioner of the Sinking Fund of the City of Raleigh," whose duty shall be, under such general rules and regulations as said Board of Commissioners shall from time to time prescribe, to make investments of so much of the taxes collected as aforesaid as shall be applicable as aforesaid to the payment of the principal money of said bonds, and to do and perform all such other services in connection with the debt of the City of Raleigh as said Board of Commissioners may prescribe, and such Commissioner shall give bond, and receive such compensation for his services as said Board of Commissioners may determine.

SEC. 3. That none of the bonds authorized to be issued by the first section of this Act shall be disposed of either by sale, exchange or otherwise, for any purpose whatever, other than that declared in said section; nor shall any of said bonds be applied either by sale, exchange or otherwise, in satisfaction, discharge or renewal of any one of the class of debts referred to in said section until such debt shall have been first duly audited and approved by the Board of Commissioners of the City of Raleigh.

SEC. 4. The provisions of this Act shall be submitted to a vote of the qualified voters of the City of Raleigh, at an election to be held at the Court House in said City, at a day to be designated by the Commissioners thereof, which shall not be less than thirty days after the ratification of this Act. Those approving the provisions of this Act shall deposit in the ballot-box a ship folded containing the printed or written word "Approved." Those disapproving the same shall deposit a like ballot with the words "Not Approved." If a majority shall vote "Approved," it shall be deemed and held that a majority of the qualified voters are in favor of giving the Commissioners authority to issue the bonds of the City as mentioned in this Act, and likewise to levy and collect the necessary taxes to pay the interest and principal of said bonds as above mentioned. If a majority of said voters shall vote "not Approved," then this Act shall be of no effect. Those qualified to vote for Mayor and Commissioners of said City, and none others, shall be allowed to vote, and the election shall be held and returns made, under such rules and regulations as exist in case of election of civil officers. It shall be the duty of the Mayor to cause a copy of this Act to be posted at the Court House door, and to be published in the Raleigh *Standard* and *Sentinel*, daily for twenty days preceding the election, and he shall publish in like manner a notice of the election. Public notice shall be given of the result of the election.

SEC. 5. The Commissioners of the City of Raleigh shall have power, consistently with the laws of the State, to provide for the registration of voters, and to take all measures necessary and proper for holding the election as contemplated in this Act.

SEC. 6. This Act shall be in force from and after its ratification.

Ratified this 3d day of March, A. D. 1869.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MARCH 31, 1869.

GETTING BOLD.

It is a rather gratifying circumstance that some of the Northern men of money, if not men of mark are becoming bolder in their utterances. The days of espionage and black-mail, of gag-law and petty-tyranny are passing away. Men are learning to to speak out without fear or favor. As a necessary consequence, the corruption of the past are being probed, and the nation is beginning to understand something of both.

Senator Sprague, of Rhode Island has recently made some speeches in the U. S. Senate that indicate more of candor and ability than we had supposed him to possess. He is a very wealthy man and a decided Radical. It must be acknowledged that such declarations as the following are singularly truthful and *apropos*.

"In our late war," "there was not one virtuous or high toned principle animating the contestants. It was nothing but a struggle for place and power, commencing here in this body, and permeating throughout the country." And referring to the usurpations of the Senate during the last six years, he added: "So concentrated were its power and influence, that I would rather have stormed a triple line of bayonets or a park of artillery in full play, than have stood up here and opposed any of the measures of the majority, as any one who pretended to do so was hounded and hunted down."

It is a long time since such faithful statements have been made in the American Senate. We trust it is only a beginning of "the good time coming" when corruption and wrong in high places will be thoroughly exposed.

Another significant remark of Mr. Sprague deserves special notice. A week ago, in presenting a memorial from certain of the "strong minded" relative to woman suffrage, he said, that

"As it was his deliberate judgment that the voters among the American people have less to do with the management of government affairs, or the selection of officials than those of any other people, there can be no argument against the prayer of the petitioners."

This is decidedly sharp, and, to a great extent, true. We note the remark because it indicates the progress of thought among our Northern brethren.

SEWARD.

The *Statesman*, the leading politico-literary Weekly of the South, in a noticeable article on "Reynard the Fox,"—by which name that cunning and unscrupulous political wire puller, William H. Seward, is aptly called,—in writing of his foreign policy, thus remarks:

"Abroad—that is, in his intercourse with the representatives of foreign governments, and in his instructions and dispatches to the representatives of our own—he realized to perfection Sir Henry Wotton's idea of diplomacy when he defined an Ambassador to be "an honest gentleman sent to *lie* abroad for the good of his country."

This may seem severe, but we can scarcely doubt that it is justly merited. If ever there was a subtile, artful, diplomatic juggler, one of those men of "sinister or crooked wisdom," as our Lord Bacon hath it, it is the retired Premier of Andrew Johnson and Abraham Lincoln. He is the Machiavelle of his times,—at once full of intellectual resource and of the most consummate trickery and diplomatic finesse,—a man who has ever ready

"All kind of arguments and questions deep,"

and a skill, if employed in a better cause than ordinarily commanded his attention and exercised his talents, that might have commanded the admiration of the good in our land and in other times. But, in his fierce passion for the highest place, he has over-reached himself, and now he, who once by the "tinkle of his bell" could send dismay and fear to the hearts of thousands, is almost so poor that there can be found but few to "do him reverence." A fine passage, hackneyed by use, may be uttered most appropriately by him in his retirement from office, and in his hour of disappointed ambition:

"I have ventured
Like little wanton boys that swim on bladders,
This many Summers in a Sea of Glory;
But far beyond my depth; my high-blown pride
At length broke under me; and now has left me
Weary, and old with service, to the mercy
Of a rude stream, that must forever hide me."

SKIFF & GAYLORD'S minstrels are a capital troupe, and they were to give an entertainment at Tucker Hall last night; but as they did not send us the usual complimentary, we have not the knowledge necessary to give their performance so good a notice as we desire to do. They advertise to sing and crack their jokes this afternoon and evening.—*Standard.*

John Neathery and Gen. Littlefield, as we are informed and believe, never write an article for the *Standard*. They rely upon the Judges of the Supreme Court, the Lieut. Governor, Lieutenant Pike, Brother Pepper, Victor Barringer and "the Code," for leaders. The above article has, we think, the ear marks of John. Surely no man of Gen. Littlefield's countenance could have written the above. Besides the General having loaned Stephens (a stranger of six weeks acquaintance) the Bankrupt, $1,200 and treated "the hands" to whiskey and cigars, to the amount of $5,000, he, Gen. L., would not have tried to shame Skiff & Gaylord into giving him free passes to their shows next time they come.

We had the "usual compliments" of "the White Fawn" sent us. But we did not go to see the White Fawn or Skiff and Gaylord. We left that to the Radical clergy such as Blythe and Rev. Smith, of the Senate.

John, how will you ever feel like a gentleman again? Your old way was to shake hands with Vance. Vance wont shake hands with you, and we fear John, you will never feel like a gentleman again.

THE REVENUE ACT.—We publish this important act to-day, to the exclusion of editorials, legislative proceedings, one or two urgent communications, and our usual variety of news. We suppose that our people are more interested in the subject of taxation at this time than in any other.

REVENUE ACT.

The following act has passed both Houses of the General Assembly:

Section 1. *The General Assembly of North Carolina do enact*, That the taxes hereinafter designated, payable in the existing national currency, shall be assessed and collected under the rules and regulations prescribed in this act, and in the act for collecting revenue, ratified March twelfth, eighteen hundred and sixty-six, or such act as may be substituted therefor by this General Assembly; all the provisions of which, except so far as modified or repealed, shall be held applicable to secure the assessment, collection and return of the taxes herein imposed.

Sec. 2. On each taxable poll or male between the ages of twenty-one and fifty, except such poor and infirm persons as the County Commissioners may declare and record subject for exemption, there shall be annually levied and collected a tax of one dollar and five cents, the proceeds of such tax to be devoted to purposes of education as may be prescribed by law.

If any poll tax shall not be paid within sixty days after the same shall be demandable, it shall be the duty of the Sheriff, if he can find no property of the person liable sufficient to satisfy the same, to garnishee any person indebted to the person liable, or who may become indebted to him before the expiration of the calendar year. And the person so garnisheed shall be liable for said tax.

Sec. 3 The taxes hereafter designated shall be applied to defray the expenses of the State government, to pay the interest on the public debt and to pay appropriations for schools and charitable institutions.

CLASS 1.

Sec. 1. There shall be an *ad valorem* tax of thirty-five cents on every one hundred dollars in value of real and personal property in this State, subject to exemptions made by law. This tax shall be levied in addition to such special taxes as are authorized by the General Assembly.

Upon all moneys, credits, investments in bonds, not excepted by law, seven twentieths of one per cent.

Upon all stocks, joint stock companies, or otherwise, seven-twentieths of one per cent of their cash value; *Provided*, That all the taxes for State and county purposes, imposed upon all real and personal property, exclusive of the special taxes authorised by the General Assembly, shall, in no case, exceed two thirds of one per cent.

CLASS 2.

The subjects and persons mentioned in the following class shall be taxed as especially mentioned:

Sec. 1. On the net incomes and profits, other than that derived from property taxed from any source whatever, during the year preceding the first day of April in each year there shall be a tax of two and one-half per cent. The income tax shall include interest on the securities of the United States, of this State, or other State or government. In estimating the net income, the only deduction by way of expenses shall be:

1. Taxes other than the income tax due this State.

2. Rent for use of buildings or other property or interest on incumbrances on property used in the business from which the income is derived.

3. Usual or ordinary repairs of the buildings from which the income is derived.

4. Cost or value of the labor (except that of the tax payer himself) raw material, food, and all other necessary expenses incidental to the business from which the income is derived, together with the necessary expenses of supporting the family which shall, in no instance, exceed one thousand dollars.

The tax payer shall return to the assessor the gross amount of his income and the gross amount of his expenses to be deducted therefrom, which return the assessor shall file in the office of the clerk of the county commissioners.

Sec. 2. Upon all real and personal estate, whether legal or equitable, situate within the State, which shall descend or be devised or bequeathed to any collateral relation or person, other than a lineal descendant or ancestor of the husband or wife of the deceased, or husband or wife of such ancestor or descendant, or to which such collateral relation may become entitled, under the law, for the distribution of the intestate estates and which real and personal estate may not be required in payment of debts and other liabilities, the following per centum tax upon the value thereof shall be paid:

1. If such collateral relation be a brother or sister of the father or mother of the deceased, or issue of such brother or sister, a tax of one per cent.

2. If such collateral relation be a more remote relation, or the devisee or legatee be a stranger, a tax of two per cent.

The real estate liable to taxation shall be listed by the devisee or heir, in a separate column, designating its proper per cent tax.

The personal estate, or real estate reduced to assets, shall be liable to the tax in the hands of the executor or administrator, and shall be paid by him before his administration account is audited, or the real estate is settled, to the Sheriff of the county. If the real estate discended or devised shall not be the entire inheritance, the heir or devisee shall pay a *pro rata* part of the tax corresponding with the relative value of the estate or interest.

If the legacy or distributive share to be received, shall not be the entire property, such legatee or distributee shall, in like manner, pay a *pro rata* part of the tax, according to the value of his interest.

Whenever the personal property in the hands of such administrator or executor (the same not being needed to be converted into money, in the course of the administration,) shall be of uncertain value, he shall apply to the county commissioners to appoint three impartial men of probity to assess the value thereof; and such assessment being returned to the commissioners, and being confirmed, shall be conclusive of the value.

To facilitate the collection of the tax on collaterals, every executor or administrator shall return, in his inventory, whether the estate of the deceased goes to the lineal or collateral relations, or to a stranger, and, if to collaterals, the degree of relationship of such collaterals to the deceased, under a penalty of one hundred dollars, to be recovered in the name and for the use of the State; and it shall be the duty of the Superior Court Clerk of the county to furnish the sheriff with the names of the executors and the administrators, who make such returns after each and every term of his Court.

SCHEDULE B.

The taxes in this Schedule imposed are for the privilege of carrying on the business or doing the act named.

Within ten days after the end of January, April, July and October, the merchant or dealer shall deliver to the sheriff a sworn statement of the actual amount of his purchases within the preceding quarter. The sheriff shall have power to require the merchant making such statement to submit his books to examination by the sheriff, and every merchant refusing on demand to submit his books to such examination, shall be liable to a penalty to the State of two hundred dollars, to be prosecuted by the sheriff and recovered in any court having jurisdiction of the case. It shall further be the duty of the sheriff to prosecute every merchant refusing as aforesaid, in the Superior Court of the county, as may be prescribed for special proceedings to the end of obtaining such examination and compelling payment of the proper tax.

Every horse or mule drover, or person who buys or receives horses or mules from another for sale, shall pay a tax of one and one half per cent. on each sale or profit made in exchange of horses or mule, due as soon as the sale is effected, or profit by the exchange is received; and upon failure to pay such tax, in every county in which he sells or exchanges for profit, he shall forfeit and pay one hundred dollars, which shall be collected by the sheriff by distress or otherwise, one-half to his own use, and the other half to the use of the State.

Sec. 23. On every person who, for himself or as an agent of another, sells riding vehicles, shall pay two per cent. on his sales.

Sec. 32. Every company of gypsies, or strolling company of persons who make a support by pretending to tell fortunes, horse trading, tinkering or begging, fifty dollars in each county in which they offer to practice any of their crafts, recoverable out of any property belonging to any one of the company; but nothing herein contained shall be so construed as to exempt them from indictment or penalty imposed by law.

Sec. 33 Every non resident or drummer, or agent of a non-resident, who shall sell any spirituous, vinous, or malt liquors, goods, wares, or merchandise by sample or otherwise, whether delivered or to be delivered, shall pay an annual tax of fifty dollars, and a tax of like amount as is payable by residents on their purchases of sales, as the case may be, of similar articles. Before making such sales, he shall obtain from the sheriff of the county in which he proposes to do business, a license in writing, which the sheriff may give on his entering into bond in the sum of five hundred dollars, with sufficient security conditioned to pay the taxes herein imposed, when demanded by the sheriff. Any person violating the provisions of this paragraph, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined and imprisoned at the discretion of the court, and shall forfeit and pay five hundred dollars to the sheriff to be collected by distress or otherwise, four hundred dollars of which shall be accounted for as other taxes, and the residue he may retain to his own use, or to the use of the informer.

Sec. 35. Every insurance company not incorporated in this State, doing business therein, shall pay on the amount of assessments collected, premiums received and obligations for premiums, three per cent., not to be less than four hundred dollars for each company; on failure to comply with the provisions of this section, shall pay as tax two thousand dollars, and the principal agent shall be liable therefor. The above per centage tax shall be payable on the first day of April of each year and every three months thereafter.

Sec. 36. No person shall follow any of the trades or professions taxed by this act or in any other act imposing taxes on trades and professions and franchises without first obtaining a license from the sheriff of the county in which the trade or profession is to be followed, or the franchise enjoyed. Such license shall give to the person obtaining it, the right to practice the trade or profession or to enjoy the franchise therein specified, in the county of the sheriff by whom it is issued, and in no other unless the law imposing the tax shall otherwise direct, from its date to the following first day of April; *Provided*, That nothing in this section shall apply to licensed practicing physicians, lawyers or dentists.

Sec. 37 The form of the license shall be in substance as follows:

Received this ——— day of ———
186 , of ——— dollars, of which ——— dollars is the tax to the State of North Carolina, and ——— dollars is the tax to the county of ——— for his license to practice the trade (or profession) of ——— until the first day of April next.

(Signed) ———
Sheriff of ——— A. B., County.
(Countersigned) ———
Register of Deeds for ——— C. D., County.

Sec 38. The amount of tax to be paid on obtaining the license to practice any trade or profession, which is taxed by a certain sum, shall be in proportion to the tax imposed for the whole year, as the unexpired portion of the year from the date of the license is to the whole year.

Sec 39. Any person proposing to follow any taxed trade or profession may take out a license in advance of the time when he proposes to begin such trade or profession, or in advance of the expiration of a license already held by him. In such case the license shall be truly dated, and shall specify the time at which it shall begin to be of force, as well as the time when it shall expire, which shall always be on the first day of April next.

Sec. 40. No license issued by the sheriff shall be valid until the same shall have been exhibited to, and countersigned by the Register of Deeds of the county, who shall receive for the services imposed on him by this act in reference to licenses, a fee of twenty five cents from every person licensed.

Sec. 41. The Register of Deeds shall keep a book, in which he shall record the name of the person licensed, the trade or profession to be followed or the franchise to be enjoyed, the date at which it begins to run and the sum paid to the sheriff, he shall on the first Monday in January, April, July and October, send a certified copy of such record for the quarter last preceding, to the Auditor of the State, who shall charge the sheriff with the amount so appearing due. If any Register shall fail to perform the duty hereby imposed on him, he shall forfeit to the State a penalty of two hundred dollars, to be recovered of him and the sureties to his official bond, on motion in the Superior Court for the county of Wake; and on such motion a certified copy of his official bond and the certificate of the Auditor of the State setting forth his failure to make the required return, shall be *prima facie* evidence entitling the State to judgment in the absence of any sufficient defence.

Sec. 42. Every person who shall practice any trade or profession, or use any franchise taxed by the law of North Carolina, without having first paid the tax and obtained a license as herein required, shall be deemed guilty of a misdemeanor, and shall also forfeit and pay to the State a penalty not to exceed twenty dollars at the discretion of the court, (and in default of the payment of such fine, he may be imprisoned for not more than one month, at the discretion of the court,) for every day on which he shall practice such trade or profession, or use such franchise; which penalty the sheriff of the county, in which it is incurred, shall cause to be prosecuted for before any justice of the peace of the county.

Sec. 43. The sheriff shall immediately report by the Register of Deeds all sums recovered by him as penalties under this act, and the Register shall add three fourths of each penalty recovered to the record of licenses required to be kept by him; the other fourth the sheriff may retain.

Sec. 44. No license shall be granted to any person until the license tax due by him shall be duly paid.

SCHEDULE C.

The taxes embraced in Schedule C shall be listed and paid as specially therein directed, and shall be for the privilege of carrying on the business named:

Section 1. Every Express Company shall make return to the Public Treasurer on or before the first Mondays in January, April, July and October, of each year, of the gross earnings and receipts of such company within the State of North Carolina, during the three months next preceding. The said report shall be verified by the oath of the chief officer or agent of the company at its principal office in the State. The said company shall, on or before the third Monday of each of the said months, pay on the gross receipts two per cent. for each three months, and for failure to make such report, or pay such tax, the company shall pay as taxes two thousand dollars, to be collected by such sheriff as the Public Treasurer may designate, by distress or otherwise.

Sec. 2. Every Telegraph company doing business in this State shall, at the times and in the manner prescribed in the preceding section, make report of the receipts of said Company within this State and pay to the Public Treasurer one per cent. for each three months, and in case of default of such report, or payment, the company shall pay as tax one thousand dollars, to be collected by such sheriff as the Public Treasurer shall designate by distress or otherwise.

Sec. 3 Whenever the seal of the State, or of the Treasury Department, a Notary Public, or other public officer, except clerks of the Supreme and Superior Courts, required by law to keep a seal, shall be affixed to any paper, except as hereinafter excepted, the tax shall be as follows, to be paid by the party applying for the same: For the seal of the State, one dollar to be collected and paid into the Treasurer by the Private Secretary of the Governor; for the seal of the Public Treasurer, to be collected by him and accounted for as other public moneys, fifty cents; for the seal of the Supreme Court, fifty cents, to be collected by the clerk, and paid by him into the Treasury; and for the seal of the Notary Public, or other public officers, twenty five cents to be collected and paid over by the officer collecting the same, to the sheriff of the county where such seal is kept. Said officers shall keep an account of the number of times their seals may be used, and shall deliver to the proper officer a sworn statement thereof. Whenever a scroll is used in the absence of seal, by any of said officers, the said tax shall be on the scroll. Seals made for the use of any County or State or other Government, or used on the commissions of officers in the militia, Justices of the Peace, or any public officer not having a salary, or under the pension laws, or upon any process of a court shall be exempt from taxation. The officers collecting the seal taxes may retain, as compensation, five per cent.

Sec. 4. On each marriage license, mortgage deed, marriage contract, and deed in trust to secure creditors, there shall be a tax of one dollar. On every other deed conveying, or contracting to convey, title to real estate, and on all other instruments admitted to registration, where the consideration exceeds three hundred dollars and is less than one thousand dollars, fifty cents, and twenty-five cents in addition for every additional one thousand dollars. Where any of the foregoing instruments are proved before the clerk of the County Commissioners, he shall be charged with the collection of the tax as heretofore. Where probate is otherwise made, the Register shall collect and pay the same, less five per cent. commissions to the sheriff, rendering a sworn statement of the number and character of the instrument admitted to registration and the taxes due thereon, which the sheriff shall file with the Clerk of the County Commissioners, as directed by law.

Sec. 5. On every charter of incorporation of any company granted by the General Assembly other than those for charity, benevolence or literature, where the corporation had power to become incorporate under the provisions of chapter twenty-six, Revised Code, entitled "Corporations," and on any amendment of every such charter, whether originally granted by the General Assembly or secured by letters patent or otherwise, there shall be a tax of twenty-five dollars paid directly to the Public Treasurer. No company shall be organized under such special act of incorporation or derive benefit from any act to amend their charter, without at first obtaining a certified copy of such act from the Secretary of State, which shall not be furnished until the Treasurer's receipt for the said tax shall be filed in the office of the said Secretary.

Sec. 6. All laws imposing taxes, the subjects of which are revised in this act are hereby repealed: *Provided*, That this repeal shall not extend to the provisions of any law, so far as they relate to the taxes listed or which ought to have been listed, or which may be due previous to the ratification of this act.

Sec. 7. This act shall be in force from and after its ratification.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which those *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he loses into the plan adopted by the

NATIONAL
LIFE INSURANCE COMPANY,
U. S. A.,

and finds just what he wants:

AN ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 2,562 policies.
Amount insured, $10,008,500.00
Total Premiums, $96,117.68

The whole number issued by the Connecticut Mutual in the first year of its existence was 932
By the Mutual Benefit of New Jersey, 699
" New England Mutual, 543
" Phœnix Mutual, 335
" Massachusetts Mutual, 313
" Equitable of New York, 277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.
In its 10th year, 1,260
And in its 20th year, 3,949
this latter being 600 less than was issued by the NATIONAL in its first seven months.

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, MARCH 31, 1869.

NEW ADVERTISEMENTS.—The Biblical Recorder containing a new and attractive feature.

English and American Hardware for sale by Plummer, Young & Co., Petersburg, Va.

The Magician, Sargent, at Tucker Hall, on April 2nd and 3rd.

Piano Tuning by S. Hahn, at Exchange Hotel.

RUMOR No. 2.—It is reported to-day again, that Gen. Clingman is to take charge of the *Standard*. It is understood that he will make his editorial bow in the paper of to-morrow. Is the *Standard* about to change its politics? Gentlemen who have conversed with Gen. C. since he has been in Raleigh, regard him as any thing else than a Republican.

IS THIS RIGHT?—A gentleman this morning purchased a load of fodder of a country man. As he was driving to the stable to deliver it, he was told that he must have it weighed. He said not, as he sold by the load. He was compelled to pay 20 cts for not having it weighed, the same price that is charged for weighing. It strikes us that the law is arbitrary and unjust, or is there such a law?

VOTE OF THANKS.—Dr. Moore's resolution yesterday, in the House, giving a vote of thanks to the veterans of the Alamance rebellion, was pronounced by the Speaker to be out of order. Is not this very strange? Are the hands insensible to the claims of patriotism? Are devotion to country and high achievements in arms of no value in their sight? Why this snubbing of "our beloved's" veteran "malish"? Fie, fie! It is perhaps the first time in the history of legislation that the representatives of a free constituency ever refused to do honor to fame won upon the field of glory and to reward with approving smiles the distinguished services of citizen-soldiery. Verily, this is the age of degeneracy! What next?

DR. A. YOUNG'S BRONCHIAL SYRUP.—We have not tried this North Carolina medicine, but it is highly recommended by nine regular physicians of Pittsboro,' and by many prominent citizens of the State. It is prepared by Dr. Young, Henderson, N. C.

MR. F. W. WALTER.—This excellent Piano tuner, from the well known Baltimore House of Knabe & Co., will be in this city on the 7th of April. He is also agent for the sale of Messrs. Knabe & Co's celebrated pianos. All orders must be left at the Exchange Hotel. If you wish to have your pianos tuned by an excellent workman, you will soon have an opportunity afforded you.

CHARACTERISTIC.—In the Senate, on Monday night, the resolution to reduce the *per diem* of the hands was indefinitely postponed. They had no notion of any such reduction. What! take away from themselves some of the $7 so laboriously and faithfully earned! Not they.

"You may break, you may ruin the State if you will,
But the love of *per diem* will cling to them still."

THE UNIVERSITY OF VIRGINIA.

This noble institution is in very successful operation, as we learn from its latest catalogue sent to us by some unknown person. It has eighteen Professors and licentiates, and four hundred and fifty two students, thirty-seven of whom are from North Carolina. There are students from 19 States, from the District of Columbia and from Ecuador. Four Northern States are represented.

LAND BUYERS.—It may not be generally known that our State has been visited recently by quite a number of persons from the North with a view to purchasing tracts of land. Several sales have been made lately, particularly in Warren county. We are glad to learn that good prices have been obtained. We have reason for believing that thousands of additional acres will soon be sold. Lands lying contiguous to the Raleigh and Gaston Road are destined to command high prices. Trucking and fruit raising will be engaged in to a large extent by new-comers and old residents.

THE SPARKLING CATAWBA SPRINGS.—The proprietor of these Springs, writes us, he has expended over $38,000 in improving the property. A first class female seminary will be established there next October, the session to be the nine months of the year, when the Springs are not open as a watering place. A Joint Stock Company is to be formed. The entire property is valued at $60,000. There are to be sold one hundred and twenty shares at $500 each. Attached to the Springs are 250 acres of good land, and a fine store house—all of which is included, together with the furniture and buildings which are ample enough to accommodate between three and four hundred persons.

BALTIMORE, the largest of Southern cities, is making rapid strides in population and in the character of its literary publications. It has now some 350,000 inhabitants, and three publications strictly first-class of their kind. The *Southern Review*, the *New Eclectic* and the *Statesman*, are equal to any similar publications in America, both as regards matter and mechanical appearance.—The former of these is *par excellence* the most consummately able publication on this continent. If you doubt this *dictum* send for a copy and read it understandingly.

THE STATESMAN.—This paper is conducted with marked dignity and intelligence.—There are evidences of scholarship in it that are to be met with in but few American papers. It resembles the *Nation*, the most thoughtful of Radical papers, in its general appearance, but is Democratic in its politics. It is published in handsome quarto form and is devoted as much to literature and science as to politics. Its address is Baltimore,

CONFEDERATE CEMETERY.

Editor Sentinel:—We noticed in your local column of Monday, March 21st, an article in regard to our Cemetery, in which you spoke of the advantage that would be derived from having the graves marked by stone slabs, instead of the present wooden ones. We like your suggestion, but a few words in reply and explanation. The present head-boards are of the best heart-pine, heavily painted, were put down at considerable expense, and will last at least five years longer, so it would be going to an unnecessary expense to make the change now.

Having accomplished so much, the ladies now propose to commence the monument, in accordance with their original intention. It can only be built section by section, as the fund on hand is entirely too small to complete the whole. For this purpose, then, *first*, the members of the Association do ask for contributions from any and all sources. We have here, perhaps, a larger number of Confederate soldiers buried, than in any other one place in the State. Raleigh is a central point, and it should be a matter of pride, to all true North Carolinians, in every part of the State, to have erected to the memory of those brave dead, a monument, adequate to their valor, proportionate to our affection.

Poverty is the universal excuse rendered for not contributing to such objects, but we are not too poor to spend money on amusements, and it has been estimated that from this city alone, over two thousand dollars has been carried away, by travelling exhibitions, within the last six months.

Then, in behalf of the ladies of the Memorial Association, we would appeal—to the living soldiers that remain, to *their* friends, and to *all* who still cherish in their hearts, a love for the glorious dead, to aid in perpetuating for posterity a fitting monument to their fame. W.

For the Sentinel.

MR. EDITOR:—In the *Standard* of the 26th inst., I find myself the subject of some funny and ridiculous remarks, such as Sheffield England, Monkey Wrench, Guardian Angel of Joe Turner, &c., &c.

I called on Mr. Neathery Editor of the *Standard*, and requested him to publish a few lines, explaining my position and the part I took in the affair, and my reasons for so doing, which he promised me he would do, but he has failed to do so and you will confer a favour, if you will insert in your paper and oblige yours,

SAM'L MERRILL.

RALEIGH, March 27, 1869

Messrs. Editors:—In your paper of the 26th I find myself classified as "the man with the monkey-wrench." You will please allow me through your columns to explain the part I took in the matter and my reasons for so doing. In the first place, I heard Mr. Holden say that he would see Mr. Turner in the evening. After dinner, I heard in the hotel that he would meet him at the cars, and, with the instinct of my country men, generally, who like to see a good fight and fair play, I was making my way down to the depot, when I met a gentleman who told me there was a dozen men waiting to beat Mr. Turner. I then determined to notify him of the danger. Although my acquaintance with Mr. Turner is neither so long nor so familiar as with Mr. Neathery, of the *Standard*, (and it is very limited in both cases,) I not only considered it my duty to inform him, but my duty to the laws of the land and the laws of God, and if I have been the means of saving one man from being cruelly beaten, and perhaps killed, I shall think I have only done the duty of "the man with the monkey-wrench."

SAMUEL MERRILL.

RAILROAD MEETING IN SALISBURY.

A meeting called by the town Council, and attended by many of the leading citizens of Salisbury, was held in the Court House, on Monday, 29th of March, for the purpose of taking steps to co-operate in the construction of the Western Railroad and securing the location of said Road so as to make Salisbury the point where it shall strike the N. C. Railroad.

Wm. M. Robbins, Senator from Rowan and Davie, was appointed Chairman of the meeting, and Col. C. S. Moring, Secretary.

The Chairman explained the object of the meeting, setting forth the prospects of their accomplishment and the great advantages to accrue therefrom.

On motion of the Mayor, T. B. Long, a committee of five was appointed to draw up resolutions expressive of the sense of the meeting. The Committee consisted of T. B. Long, John I Shaver, Moses A. Smith, Andrew Murphy and Joseph W. Hall, who reported the following:

WHEREAS A meeting of the Directors of the Western Railroad is to be held at Fayetteville, on the first of April, at which meeting there will probably be a decision made as to the point where said Road shall strike the N. C. Road; *and whereas*, we think it of the highest interest to our community as well as to the proposed Railroad itself that it should be located to this point; Therefore,

Resolved, That a delegation of fifteen be appointed to attend the aforesaid meeting in Fayetteville, and to urge the importance and the great benefits of such a location of the said Road.

Resolved, That such a location will contribute to the greatest good of the greatest number of the people of North Carolina; will open up a vast and fertile region, and pour its wealth into the lap of our sister city of Fayetteville, and will greatly tend to develope the noble and too much neglected sea-port of Wilmington.

Resolved, That our people are ready to do all in their power to aid in the completion of this great and important Road, if it be located to this point.

The resolutions were unanimously adopted, and the following delegation was appointed, viz: Dr. J. W. Hall, Col. John I. Shaver, Andrew Murphy, Mayor Long, Thos. E. Brown, Hon. Nat Boyden, J. S. McCubbins, Moses Holmes, Col. J. M. McCorkle, Luke Blackmer, Esq., D. A. Davis, Capt. W. H. Crawford, Rev. J. H. Tillinghast, Hon. Burton Craige, Dr. J. J. Summerell.

On motion of Col. Shaver, the Chairman and Secretary were added to the delegation.

The meeting then took certain steps towards providing means to defray the expenses of said delegates to Fayetteville.

On motion of Major Long the proceedings of this meeting were ordered to be published in our town paper, and also in the papers of Raleigh and Fayetteville; after which the meeting adjourned.

CHAPEL HILL, March 23, 1869.

Editor Sentinel:—About as interesting a question as any now before the Legislature is this: Shall $12,000 be appropriated to University expenses or not? It is hard to look at it cooly and dispassionately, so as to see what is right. We all begin to see at once, the present Faculty have no business there; they are not at all the right men in the right place, and if there had been any common sense or ordinary good judgment exercised in the selection of President and Professors, the University would command some respect and patronage, and would not hang a dead weight to be supported by the State, etc., etc., etc.

However, that is past praying for now. Here they are and something ought to be done for them. President Pool's nest is pretty comfortably feathered in the Revenue office, so nobody need be concerned about his bread and butter. But the Professors have moved hither at considerable expense; they are supposed not to be men of means, and they have all of them families dependent on them. This day school of little Chapel Hill boys and Mr. Pool's nephews, is not going to keep them in shoe strings. It will be a very small affair, if the General Assembly adjourns without at least voting them the means to *get away with*.

Besides, the buildings belonging to the University, need an appropriation to prevent further delapidation. The four private residences of the Professors, are scarcely habitable. In Gov. Swain's time the policy that prevailed in regard to the dwellings of the Faculty and their need, was a niggardly one. The Trustees went in very much for making money. With four or five hundred students and a noble endowment besides, they kept the salaries of the Faculty down to the lowest living point, and the four houses occupied by the four Senior Professors were four old rat holes, inconvenient and shabby to the last degree. The four years of the war and the four years poverty that succeeded, have very nearly finished these residences—not one of which is under fifty years of age. It is almost a pity to waste money in further repairs, when it would be good economy to pull them down and build new. *At least* $1,000 is required at once to put them in decent order, fencing, out houses and all. Then the College building need at least another $1,000.

Seven thousand dollars was all that Gov. Swain ventured to ask for at the close of the war to reimburse the eight members of the Faculty of that day, who had held on to very nearly the starvation point in order to keep the institution alive till peace should come. Seven thousand dollars was voted, and of that $1 250 was pocketed on its way up to the Hill, and I believe the gentlemen of the Faculty received $650 apiece.

Seven thousand dollars would be a very fair appropriation to make now—with the speculation that $2500 of it be honestly expended in necessary repairs. The remainder divided among the present four or five members of the Faculty will serve to support them till it can fairly be seen whether they are ever to command the patronage and support of the State. If, by next December, it will be seen that the North Carolina public still declines to have the diplomas of the rising generation adorned with Messrs. Pool and Brewer's autographs,—they may be expected to resign and the Executive Committee can try again.

Unless aid comes speedily it is to be feared there will be not a tree left standing in the yards of the old Faculty. Prof. Patrick has been compelled, it seems, already to cut down two of the finest oaks in Gov. Swain's state yard for firewood!

Old students will recall with regret the magnificent oak that stood so grandly on the right of the front walk. But it was good for several cords I have no doubt.

Poor Prof. McIver has been obliged to sacrifice every tree in Dr. Mitchell's old yard, except one, for fence posts!

Let help come quickly. But while our common schools lie prostrate, and the poor white children of the State are growing up with fewer advantages than the colored children are receiving, I trust the General Assembly will make no extravagant appropriations to sustain sinecure offices.

REMARKABLE DECLARATIONS OF A REPUBLICAN SENATOR.—Senator Sprague on Friday made the following remarkable admission—remarkable as coming from a New England Republican. He said:

"The main springs of our prosperity had been slavery and foreign immigration. The former had stimulated the growth of cotton and made it an American monopoly, and so had built up the manufacturing and commercial and railroad interests of the North, and these had in turn, invited and grown upon foreign immigration."

Again. He says:

"The object of the majority in Congress seemed to be rather to perpetuate the existence of a party than to promote the welfare of the people; but no party could have his support which did not make the prosperity and contentment of the people its chief object. A party which failed in this failed in the great purpose for which alone it had a right to exist."

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES, INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled. It is possessed none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

ALL CASH PLAN OF THE

ÆTNA

LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA

Has $136 Assets for every $100 Liabilities.

ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only *relief* from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the ÆTNA:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is almost without precedented in the annals of commercial enterprise in this country."

March 17-tf

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1,284,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1 231,285 00
Dividends paid,	926,294 00
Total Losses paid to date,	8,099,883 00
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years, it does not deem it necessary to make great promises of what they INTEND doing, but will insure persons on any plan most desirable, and it takes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested for every $100 of its Liabilities.

BROOKLYN LIFE INSURANCE COMPANY,

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... President.
ABRAM D. POLHEMUS, ... Vice President.
WILLIAM M. COLE, ... Secretary.
D. F. FACKLER, ... Consulting Actuary.
DANIEL AYRES, M. D., LL.D., ... Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. F. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing *proof* of the confidence reposed by the public in its soundness, integrity and liberality.

PUBLISHED AT THE

CAPITAL OF THE STATE,

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This device operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabrics with astonishing rapidity, or stewing of articles, from the most lace to the coarsest. For Flannels it is invaluable, as it does not full them as in the old process of Rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and washing out ALL OF GREASE OR STAIN.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have become extensively engaged in supplying the introduction with numerous orders of approval, &c.

So invention has met with such ready sale and given such satisfaction. Call at LUGER & HILL'S and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.

What a jacky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STAY, LOOK OUT! HANDS OFF! and show your good judgment by
